

Customer and Stakeholder Engagement: Seaford

On 30 November 2022 we announced the closure of 114 branches, including our branch at Seaford. The following provides detail of the stakeholder engagement we have undertaken, and feedback received, since our announcement.

Customer and stakeholder contact

On 20th and 23rd January, we wrote to all regular users of this branch. The letters advised customers of the reasons behind our decision and effective date of closure. They also provided customers with details of the nearest alternative HSBC UK branch, alternative ways to continue to access their usual banking services and how to access the closure Impact Assessment.

We wrote to Maria Caulfield, Constituency MP, on 30 November 2022 to advise of our decision to close the branch and offered to meet to explain the reasons and how we would be supporting all our customers during this period of change.

At announcement we also wrote to a number of key stakeholders. These included:

- Post Office
- HM Treasury
- Cash Action Group
- CBI
- British Chambers of Commerce
- Which?

On 23 January 2023 our Local Director additionally wrote to the following key local stakeholders to advise of our decision to close:

- Councillor Sam Adeniji
- Rachel Brown, Seaford Chamber of Commerce
- Adam Chugg, Town Clerk – Seaford Town Council
- Graeme Bower, Area Manager – Post Office
- Seaford Library
- Age UK
- Seaford Citizens Advice Bureau
- St James Trust
- Cancer Research UK
- St Wilfred's Hospice Shop
- Autism Sussex

We published an Impact Assessment on our public website. The assessment provides further details on the reasons behind our decision, the information used, the nearest HSBC UK and Post Office branches, alternative ways to bank and how to contact the bank for additional support. To view these reports just scan the QR code or visit <https://www.hsbc.co.uk/branch-finder>. Copies are also available in the closing branch.

Information correct at the time of publication.

Posters have been displayed at the branch with information on the nearest HSBC UK branch and cash machine as well as the nearest Post Office counter.

We provided extensive training to our branch teams in order that they could fully support both personal and business customers with accessing alternative ways to bank. Following this training our branch staff have been proactively engaging with customers, particularly those who are reliant on the branch services, to help them look at the alternatives that are available, including the services provided by the Post Office.

We have also been engaging with the nearest Post Office counters to the branch to ensure they know we are closing, are aware of the services they can provide to our customers and to address any queries or concerns they may have in meeting the needs of our customers.

Customer and stakeholder reaction/feedback

- We have written to Maria Caulfield, Constituency MP and there has been no further correspondence.
- We received a response from Seaford Chamber of Commerce to our letter enquiring what the building would be used for once we closed.
- The overall feedback from our customers has been disappointment but understanding of the reason for closure with many customers looking to complete their transactional banking at the Post Office.

Follow up action taken

- The branch have increased the availability of staff in the banking hall to ensure all customers have someone on hand to support them with their transaction. There has also been an increase in the number of customers registering for online banking and while completing these registrations the staff have been able to provide demonstrations on the customers own device.
- The branch has supported customers who have no access to a compatible device for online banking through our community tablet programme, ensuring they are able to get online and educating them in how to navigate online and mobile banking.
- The branch team will be holding Pop Up events once the branch closes. Our branch experts will be on hand to offer important advice on how to reduce the risk of fraud on your account, give guidance and support on the different ways customers can do their banking, including the services available at the Post Office and help with queries about our products and services.

Information correct at the time of publication.

- We have offered customers the opportunity to attend a HSBC@Home session focused on alternative ways to bank. HSBC@Home is our digital education programme and has been designed to educate and upskill customers on a range of topics from digital tools and services to fraud and financial fitness.
