

Customer and Stakeholder Engagement: Bromborough

On 30 November 2022 we announced the closure of 114 branches, including our branch at Bromborough. The following provides detail of the stakeholder engagement we have undertaken, and feedback received, since our announcement.

Customer and stakeholder contact

On 20th and 23rd January, we wrote to all regular users of this branch. The letters advised customers of the reasons behind our decision and effective date of closure. They also provided customers with details of the nearest alternative HSBC UK branch, alternative ways to continue to access their usual banking services and how to access the closure Impact Assessment.

We wrote to Alison McGovern, Constituency MP, on 30 November 2022 to advise of our decision to close the branch and offered to meet to explain the reasons and how we would be supporting all our customers during this period of change.

At announcement we also wrote to a number of key stakeholders. These included:

- Post Office
- HM Treasury
- Cash Action Group
- CBI
- British Chambers of Commerce
- Which?

On 23 January 2023 our Local Director additionally wrote to the following key local stakeholders to advise of our decision to close:

- Sue Percy, Local Councillor
- Jo Bird, Local Councillor
- Joe Walsh, Local Councillor
- Post Office
- Wirral Chamber of Commerce
- Citizens Advice
- Age UK Wirral
- Autism Together
- West Wirral Lions Club
- Mencap Wirral
- Wirral Society of the Blind and Partially Sighted

We published an Impact Assessment on our public website. The assessment provides further details on the reasons behind our decision, the information used, the nearest HSBC UK and Post Office branches, alternative ways to bank and how to contact the bank for additional support. To view these reports just scan the QR code or visit <https://www.hsbc.co.uk/branch-finder>. Copies are also available in the closing branch.

Information correct at the time of publication.

Posters have been displayed at the branch with information on the nearest HSBC UK branch and cash machine as well as the nearest Post Office counter.

We provided extensive training to our branch teams in order that they could fully support both personal and business customers with accessing alternative ways to bank. Following this training our branch staff have been proactively engaging with customers, particularly those who are reliant on the branch services, to help them look at the alternatives that are available, including the services provided by the Post Office.

We have also been engaging with the nearest Post Office counters to the branch to ensure they know we are closing, are aware of the services they can provide to our customers and to address any queries or concerns they may have in meeting the needs of our customers.

Customer and stakeholder reaction/feedback

- We have written to Alison McGovern, Constituency MP and there has been no further correspondence.
- Local Councillors have been in touch with our Local Director, Julie Davies, regarding a Banking Hub for the local community. Julie shared details with them about Banking Hubs and how to enquire about setting one up.
- General customer sentiment was disappointment that the branch was being closed as some customers are not comfortable using digital channels. The staff within the branch have been actively supporting these customers and discussing alternative methods of completing transactions. Customers also do not want to travel further to access counter facilities.
- We have been proactively speaking to customers at the branch about the different ways in which they can complete their transactions following the branch closure. Some customers we spoke to had not used the digital channels available before, we have explained the transactions that can be completed and supported customers to complete their banking during their visit using these channels.

Follow up action taken

- The Network Manager in the branch has spoken with the closest Post Office to the branch to ensure they are aware of the closure at Bromborough branch.
- We have been supporting customers in setting up telephone and digital banking. The branch team have been speaking to customers who use the branch, educating them on how to navigate mobile and internet banking, which will enable them to complete transactions using these channels.

Information correct at the time of publication.

- The branch has been speaking with customers who have no access to a compatible device for online banking, about our community tablet programme. This programme supports customers getting online and educates them in how to navigate online and mobile banking.
- The branch team will be holding Pop Up events once the branch closes. Our branch experts will be on hand to offer important advice on how to reduce the risk of fraud on your account, give guidance and support on the different ways customers can do their banking, including the services available at the Post Office and help with queries about our products and services.
