

Customer and Stakeholder Engagement: Kingswinford

On 30 November 2022 we announced the closure of 114 branches, including our branch at Kingswinford. The following provides detail of the stakeholder engagement we have undertaken, and feedback received, since our announcement.

Customer and stakeholder contact

On 20th and 23rd January, we wrote to all regular users of this branch. The letters advised customers of the reasons behind our decision and effective date of closure. They also provided customers with details of the nearest alternative HSBC UK branch, alternative ways to continue to access their usual banking services and how to access the closure Impact Assessment.

We wrote to Mike Wood, Constituency MP, on 30 November 2022 to advise of our decision to close the branch and offered to meet to explain the reasons and how we would be supporting all our customers during this period of change.

At announcement we also wrote to a number of key stakeholders. These included:

- Post Office
- HM Treasury

additional support. To view these reports just scan the QR code or visit <https://www.hsbc.co.uk/branch-finder>. Copies are also available in the closing branch.

Posters have been displayed at the branch with information on the nearest HSBC UK branch and cash machine as well as the nearest Post Office counter.

We provided extensive training to our branch teams in order that they could fully support both personal and business customers with accessing alternative ways to bank. Following this training our branch staff have been proactively engaging with customers, particularly those who are reliant on the branch services, to help them look at the alternatives that are available, including the services provided by the Post Office.

We have also been engaging with the nearest Post Office counters to the branch to ensure they know we are closing, are aware of the services they can provide to our customers and to address any queries or concerns they may have in meeting the needs of our customers.

Customer and stakeholder reaction/feedback

- We have written to Mike Wood, Constituency MP and there has been no further correspondence.
- Councillor Shaz Saleem responded to thank us for our email and expressed his sadness about the branch closure.
- Our Local Director, Leanne Hailstone, met with the Post Office Area Manager, Nik Priestley, on 2 February 2023. He provided us with some information to support our conversations with customers about the services available at the Post Office. They have also been in email contact following the announcement that the Local Post office will close. Nik has explained that they are committed to finding an alternative location within Kingswinford and he is keeping us updated with any progress.
- General customer sentiment was disappointment that the branch was being closed as some customers are not comfortable using digital channels. The staff within the branch have been actively supporting these customers and discussing alternative methods of completing transactions.

Follow up action taken

- A member of staff visited the local Post Office to understand the services they can provide to our customers. This has provided the branch team with the confidence to discuss the Post Office offering in detail with customers.

- The branch team will be holding Pop Up events once the branch closes. Our branch experts will be on hand to offer important advice on how to reduce the risk of fraud on your account, give guidance and support on the different ways customers can do their banking, including the services available at the Post Office and help with queries about our products and services.
- We have offered customers the opportunity to attend a HSBC@Home session focused on alternative ways to bank. HSBC@Home is our digital education programme and has been designed to educate and upskill customers on a range of topics from digital tools and services to fraud and financial fitness.
- We have been supporting customers in setting up telephone and digital banking. The branch team have been speaking to customers who use the branch, educating them on how to navigate mobile and internet banking, which will enable them to complete transactions using these channels.
