

Foreign Currency/International Personal Current Account Price List

Prices effective from **31 May 2016**

Introduction

The prices and information in this leaflet apply to your Foreign Currency/International Personal Current Account.

The prices and information in this leaflet applicable to your account form part of the terms and conditions that apply to your account.

For sterling charges payable on a Foreign Currency Current Account or an International Personal Current Account, we will deduct the currency equivalent of the sterling charge.

To find out the currency equivalent of any charge, please call us.

Credit interest and overdraft interest rates and interest rate changes

Overdraft interest is payable on all overdrawn balances on Foreign Currency Current Accounts and International Personal Current Accounts (including Euro) at our Currency Standard Overdraft Interest Rate for the relevant currency. Our Currency Standard Overdraft Interest Rates are 7% per annum above our currency base rate for the relevant currency. Our currency base rates are

variable interest rates which can change from day to day (eg, to reflect movements in the market interest rates for the relevant currency). You can find out our current Currency Standard Overdraft Interest Rates by calling us on **03457 404 404** (textphone **03457 125 563**) or visiting any HSBC branch.

An agreed margin will not be changed without the change being discussed with you. We will not notify you of changes in our currency base rates as they are variable interest rates for the relevant currencies which can change from day to day.
