

## Customer and Stakeholder Engagement Chard Branch

Following the closure announcement of this Branch on 04 December 2020 we have been engaging with customers and members of the local community.

### Customer and stakeholder contact

We have written to all customers who have either opened an account at this Branch, use it often or live nearby. This letter has given customers details of the nearest alternative Branches, the services available at the nearest Post Office®, how to access the Impact of Closure report, alternative ways to bank information and the bank's contact details.

Posters have been displayed at the Branch with details of the nearest HSBC UK Branch and cash machines and Post Office® counter. We have also made copies of the Impact of Closure document available at Chard Branch.

During the Covid-19 pandemic we have been unable to hold our usual face to face meetings with customers. We have however been proactively calling customers who are reliant on Branch services to provide advice on the alternatives available to them. These customers are not registered for either Online, Mobile or Telephone banking and we have been discussing how they can use these channels to access their usual banking services. We have also discussed the availability of nearby HSBC UK Branches as well as the services available from the Post Office.

Following the closure, customers will be able to visit any HSBC UK Branch for advice and guidance on banking with us.

Our business relationship managers have also been telephoning their customers to discuss options that suit their needs.

We contacted the following key stakeholders and provided contact details should customer queries or concerns be brought to their attention:

- Citizens Advice
- Which?
- Age UK
- Alzheimer's Society

We wrote to Marcus Fysh, constituency MP, on 25 February to advise the Branch would be closing in July and offered to meet to explain the reasons for the decision and to discuss how we are supporting our customers. We wrote again on 15 April to advise that, due to the impact of Covid-19, we were delaying the closure of Chard Branch until December.

We have engaged with the nearest Post Office® to the Branch, to ensure that it is fully aware that we are closing, aware of the services it can provide to our customers and to address any questions they may have.

## **Customer and stakeholder reaction/feedback**

- We wrote to the offices of Marcus Fysh, constituency MP, regarding the closure of Chard Branch. Since then, we have had no further correspondence from their offices.
- We have spoken with the local Post Offices® and discussed the services that they can offer to our customers. They are aware of the closure of Chard Branch and are well prepared for an increase in footfall.
- We have been proactively contacting Potentially Vulnerable Customers who use Chard Branch to discuss the alternative ways in which they can access their usual banking services, including those available at the local Post Office®.

## **Follow up action taken**

- A number of our customers have expressed their sadness the branch will be closing but appreciate the alternative channels available to them. Where appropriate we have been taking this opportunity to register customers for Internet, Telephone and Mobile Banking.
- We have been promoting the services available at the Post Office® with all of our customers. We have been encouraging them to experience the service prior to our closure to ensure they do not have any difficulties in accessing the facilities they require. To further assist with this, the Post Office® have supplied us with the required paying-in envelopes which are kept in the banking hall for customer use.
