

Branch Format Impact Analysis Report: Finsbury Park

Date of format change: On or after 6 September 2021

Background

With the growth in digital and on-line banking, the way in which our customers access their banking services continues to evolve. We therefore need to ensure the services we provide at each of our branches continues to meet local customer demand. After careful evaluation, as detailed on Page 3, we have therefore made the decision to change the format of our Finsbury Park branch to a Digital Service Branch effective on or after 6 September 2021.

Our new Digital Service Branch format is counterless and our self-service machines will be able to support with most cash and cheque transactions. Colleagues will be on hand in the branch to assist with learning how to use the machines as well as supporting with our digital services, product opening and more complex enquiries.

In order to make this change we will be closing the branch temporarily to undertake premises alterations. We will advertise in-branch to let you know when these works will take place which will provide you a minimum of 4 weeks' notice.

This report summarises some of the information used in reaching our decision as well as how you will be able to continue to access your usual banking services after we make these changes. Here you will find details for our Finsbury Park branch, including the self-service facilities available, as well as nearby branches in the area that continue to provide a counter service. We have also provided details of the nearest Post Offices providing a full counter service.

For more information on the location of these branches and additional services they offer please visit the Branch Finder via: <https://www.hsbc.co.uk/branch-finder/>. This report also included further details on our different branch formats and the services available.

How our decision was made

Over the past 5 years the number of customers using HSBC UK branches has fallen by a third. Nine in ten customers' contact with the bank is now completed via the Telephone, Internet or Smartphone and 99% of cash withdrawals are made at an ATM.

As part of the analysis used to inform our decision to change the format of this branch HSBC UK considered:

- Counter usage at the branch for the 12 months from January to December 2020
- The number of personal and small business branch users affected
- The age profile of branch users (i.e. both older and younger users)
- The number of vulnerable and other branch users who are more dependent on their branch than others (including but not limited to customers that are disabled, elderly, digitally excluded and/or lower income customers)
- The distance to alternative banking services

The availability of alternative ways to bank for customers who live locally or travel to use this branch is considered suitable.

How Finsbury Park Customers are banking with HSBC UK:

95%	of customers who use this branch are registered for Online Banking and/or Telephone Banking
87%	of those that are registered for Online Banking and/or Telephone Banking and are active users.
21%	of customers who use this branch are also using the Post Office®
9%	of customers rely on branch only banking and no other methods
10%	of our customers are vulnerable customers and will be given additional support up to the closure date.*

Alternate Banking Options:

68%	of cheques valued below £500 currently being deposited at the branch can be deposited via our Online Services
32%	of cheques valued at £500+ can be deposited at the nearest HSBC UK Branch or Post Office®
99%	of counter transactions can be completed at the nearest Post Office®
1%	of transactions classified as high value transactions of £6k+ can be completed at an alternate HSBC branch

Vulnerable Customers

For all Vulnerable Customers who use this branch in isolation we will be providing additional support as follows:

- A personal call to each customer to identify solutions to ensure they can continue to access their usual banking services
- Once Covid-19 restrictions allow, in-branch face to face support will be provided to assist our customers in accessing the alternative channels available
- Ongoing support with utilising Digital services including holding HSBC@Home sessions to educate customers on access to banking, fraud and digital services
- Help with identifying the nearest Post Office® or Branch to the customers home address
- Advice on what services can be accessed at the Post Office®
- The local team will contact relevant charities to advise them of the changes and work on ways of supporting customers further in the community

92.3% of residents living within the N4 postcode have access to broadband coverage ranging from strong to ultrafast.

*Please refer to the Glossary of terms on Page 4 / Information correct at time of publication

*Post Office® and the Post Office® logo are registered trademarks of Post Office® Limited.

*Those customers using the branch in isolation and those vulnerable customers will be given additional support up to the closure date
