Closure Impact Analysis Report: Coventry City
Date of closure: 06 November 2020

Background

We continually review our Branch Network to ensure our branches are in the right locations which reflect the long-term changes in the way customers choose to bank with us. Retaining a sustainable Branch Network is extremely important to us and we need to ensure it is fit for the future. Over the past 5 years the number of customers using HSBC branches has fallen by a third. Nine in ten customers’ (90%) contact with the bank is now completed via the Telephone, Internet or Smartphone and 99% of cash withdrawals are made at an ATM.

Therefore, after careful evaluation, we have made the difficult decision to close Coventry City on 06 November 2020. We are here to support you and there will be plenty of other ways you can continue to do your banking with us. The following summarises some of the information used in reaching our decision as well as how you will be able to continue to access your usual banking services.

How our closure decision was made

As part of the analysis used to inform our decision to close this branch HSBC UK considered:

- The number of personal and small business branch users affected
- The age profile of branch users (i.e. both older and younger users)
- The number of vulnerable and other branch users who are more dependent on their branch than others (including but not limited to customers that are disabled, elderly, digitally excluded and/or lower income customers)
- The distance to alternative banking services

The availability of alternative ways to bank for customers who live locally or travel to use this branch is considered suitable.
